#Licensure or certification by the state: Upon completion of the MA in Clinical Counseling, ALL students seeking a license or school counselor certification must pass the state-required test. No university can license or certify a counselor. That is in all cases a prerogative of the individual state, which might or might not have a reciprocal agreement with any other state. Every state requires additional hours of supervised counseling in addition to an ethics test and whatever exam the state uses as its licensing tool.	Advanced Courses 9 0 9
