***No course which satisfies degree requirements may be more than seven years old at the time of graduation.	
#Licensure or certification by the state: Upon completion of the MA in Clinical Counseling, ALL students seeking a license or school counselor certification must pass the state-required test. No university can license or certify a counselor. That is in all cases a prerogative of the individual state, which might or might not have a reciprocal agreement with any other state. Every state requires additional hours of supervised counseling in addition to an ethics test and whatever exam the state uses as its licensing tool.	0 0
